

Healani K. Chang, Dr.P.H.

Associate Specialist Professor
Director
Haumana Biomedical Program
Pacific Biomedical Research Center
University of Hawaii at Manoa

Adjunct Associate Professor
Division of Ecology and Health
John A. Burns School of Medicine
University of Hawaii at Manoa

Research Interests

I have been involved with a clinical and epidemiological study since 1991 to investigate the insulin-resistance syndrome and cardiovascular disease risk factors among adult Native Hawaiians and Hawaii's other multiethnic populations. In addition, I am also involved with an initiative to develop a culturally relevant smoking cessation program for Native Hawaiians.
